

Veteran Letter of Support

Date: _____

To Whom It May Concern,

I am writing as a Canadian Armed Forces veteran to express my support for the work of **AfterGlo Wellness Society Ltd.** and the **Answer the Call** campaign.

Throughout our military service, we were asked to answer Canada's call whenever duty required it. Today, many veterans continue to face the lasting impacts of that service, including PTSD, Operational Stress Injuries, depression, anxiety, and other mental health challenges.

While many veterans benefit from existing treatments, there is also a need to continue advancing responsible, evidence-based research to improve care for current and future generations.

I support the efforts of **AfterGlo Wellness Society Ltd.** to bring together veterans, researchers, universities, healthcare professionals, governments, and community organizations to strengthen Canada's capacity for veteran mental health research.

I believe veterans should have opportunities to contribute to research that may improve future care, and I encourage continued collaboration to ensure Canada remains committed to scientific excellence, innovation, and the wellbeing of those who have served.

Thank you for your continued commitment to Canada's veterans.

Respectfully,

Name:
